

Resilience Fund Application Form

This form provides the minimum information for the application. A detailed project plan should be developed to inform this application and may be attached.

Project title	Ruapehu Marae Resilience program
Date of application	18-2-2024
Details on application	
Applicant <i>[CDEM Group must endorse/sponsor all applications]</i>	Andrew Chambers Ruapehu EMO
Sponsoring CDEM Group	Horizons CDEM Group
Other local authorities, Groups or organisations supporting this proposal	Ruapehu District Council Hinengakau Maatua Whangai Iwi Social Service Ngati Maniapoto Ngati Haua Ngati Tuwharetoa Ngati Rangī Ngati Uenuku
Project description	
Executive summary <i>[200 words maximum]</i>	
<p>Ruapehu CD and Fire Rescue First Response Ltd (FRFR) have designed a Marae Resilience program to deliver training to all marae in the Ruapehu Rohe. This will enable marae that have been identified as potential CDCs the ability to self-manage initially during an event and assist the local community. Ruapehu has 25 marae that will benefit from the training. Ruapehu CD has held local hui to see if there is a need for this training to which local Iwi has acknowledged there is. Initial funding has been sort through other avenues however been unsuccessful as it was deemed that we were not affected by Cyclone Gabrielle.</p>	
Challenge/opportunity <i>[200 words maximum]</i>	
<p>Māori make up 43% of the population in the Ruapehu, and as mentioned Ruapehu has approximately 25 Marae across the region. Ruapehu CD and the Horizons CDEM group are committed to growing meaningful partnership with Iwi and Māori. We aim to strive towards enhancing the readiness and resilience across the Ruapehu to ensure Ruapehu CD is best placed to support the community's response to and recovery from emergencies.</p> <p>Ruapehu CD in partnership with Fire Rescue First Response Ltd have developed a program of several short courses we feel will benefit Iwi through all the 4R's of an event, the courses are,</p> <ul style="list-style-type: none"> • CIMS 4, (2 days) • Welfare Centre Staff Functions, (1 day) • Welfare Centre Supervisor, (1 day) 	

- Animal Welfare, (1 day)
- General Rescue, (2 days)
- Flood Rescue, (2 days)
- First Aid, (2 days and or 1 day refresher)
- Fire Warden training. (1 day)

All courses are NZQA accredited which also could benefit those that attend with skills and knowledge for future employment as well as obviously building resilience for the day to day running of a marae. To add to this the Ruapehu region relies on volunteerism during events with all FENZ fire brigades in the region are volunteer brigades. So, when delivering this training it will also provide chances to recruit / inspire individuals to become volunteers for the emergency response agencies CD, FENZ and St John.

Alignment with priorities and objectives of the National Disaster Resilience Strategy (NDRS) [200 words maximum]

This application looks to develop our collective capacity to anticipate and respond to the effects of an emergency event, to minimise those impacts by responding effectively. We also recognise the importance of Māori in emergency management this program will integrate Iwi / Māori at all levels of emergency management in a way which is most suitable for Iwi / Māori.

Alignment with Principles and Allocation Preferences [200 words maximum]

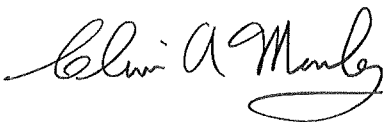

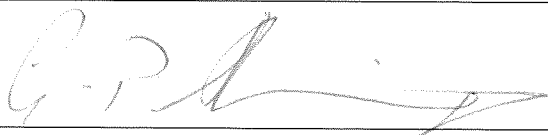

With the Emergency Management Bill that has been presented to Government stating that Maori play a significant role in emergency management this training will provide a great foundation for local Maori to become that vital part of our Emergency Operations Centres when activated and being vital links to our remote communities that have the potential to be isolated as what happened to areas of New Zealand during Cyclone Gabrielle.

Application of outcomes/benefits to sector [200 words maximum]

Māori will benefit significantly from emergency management training in several ways. Firstly, such training will empower Māori communities to effectively prepare for, respond to, and recover from natural disasters, which are particularly relevant in the Ruapehu. By equipping Māori with the skills and knowledge to handle emergencies, the training will help to reduce the vulnerability of Māori communities and improve their resilience in the face of disasters. Additionally, emergency management training can also facilitate the incorporation of traditional Māori knowledge and practices into disaster preparedness and response efforts, thereby honouring and preserving indigenous wisdom while enhancing overall community safety. Furthermore, by involving Māori in emergency management processes, the training can contribute to fostering greater inclusivity, collaboration, and trust between Māori and government agencies, ultimately leading to more effective and culturally sensitive emergency responses. Overall, emergency management training holds the potential to enhance the well-being and safety of Māori communities and contribute to the overall resilience of the Ruapehu region.

Ongoing costs (post-project) and how it will be funded [200 words maximum]

Project design		
Project manager	Andrew Chambers Ruapehu CD	
Other project members	Phil Nesbit (FRFR)	
External providers/contractors	Fire Rescue First Response Ltd	
NEMA resource (if needed)	Possibly Takatu to be utilised as a course booking tool	
Deliverables <i>[Note: payments will be made after successful completion of milestones identified]</i>		
Key milestones	Date for completion	Cost (invoice amount)
Training Program developed	When application is successful and confirmed numbers of attendees.	\$0
Each short course completed	As they happen	As per course costing spreadsheet
		\$
		\$
Identified risks		
Risks	Suggested mitigation / management	
Poor engagement with local Iwi.	Managed through all Iwi groups, Hinengakau Maatua Whangai, Ruapehu District Council, and Ruapehu Civil Defence.	
Not being able to fill course minimal numbers.	<p>Managed by careful planning again with the assistance of Hinengakau Maatua Whangai. Majority of courses will possibly be on weekends so that participants are able still work during the working week.</p> <p>However, we can deliver training during weekdays if that what is required.</p> <p>Utilizing Takatu as a course booking tool.</p>	

	Extend invites out to other surrounding Horizon TAs or even our neighbouring TAs in the Waikato and Taranaki regions.		
Participants not being able to get to the training.	Majority of the time the training will be held on the participants marae. We do have multiple training facilities scattered around the region Taumarunui, National Park and Ohakune which will should maximise participation.		
Funding request and use			
CDEM Resilience Fund contribution	\$139,200 (6 rounds of courses)		
Local authority / organisation contribution	Ruapehu CD staff to contribute time to the course planning and delivery.		
Other sources of funding or support			
Budget <i>[please supply spreadsheet]</i>	\$ (see attached spreadsheet with costs of individual courses supplied by FRFR)  Spreadsheet for resilience applicatio		
Applies if application exceeds \$100,000 over the life of the project	Are you prepared to attend an interview in support of this application (if needed)?	Yes <input checked="" type="checkbox"/>	No <input type="checkbox"/>
Application confirmation			
Is this application from an individual or other organisation	Yes <input type="checkbox"/>	No <input checked="" type="checkbox"/>	
Does the CDEM Group support this application? <i>[sign off below confirms support]</i>	Yes <input checked="" type="checkbox"/>	No <input type="checkbox"/>	
Approval of Chief Executive [Chief Executive or Head of the organisation receiving the funding]	 Name: Clive A Manley, Chief Executive		
Approval of CEG Chair	 Name: G.P. SHIRLEY		
All communications regarding the application, including approval decisions will be addressed to the Chief Executive and CEG Chair			

CDEM Group comment

This initiative fits & aligns well with our broader CDEM group Teo. Yohi engagement strategy.

Note: Only complete forms will be considered for assessment. All completed forms and supporting documents must be emailed to NEMA at resilience.fund@nema.govt.nz
